Sprint Review Form

Group:	39
Sprint:	1
Members:	Syed, Yasen, Benjamin Clorley, Aden

<<Burn-down Chart>>

Sprint 1 Burn-down Chart (Initial Progress)
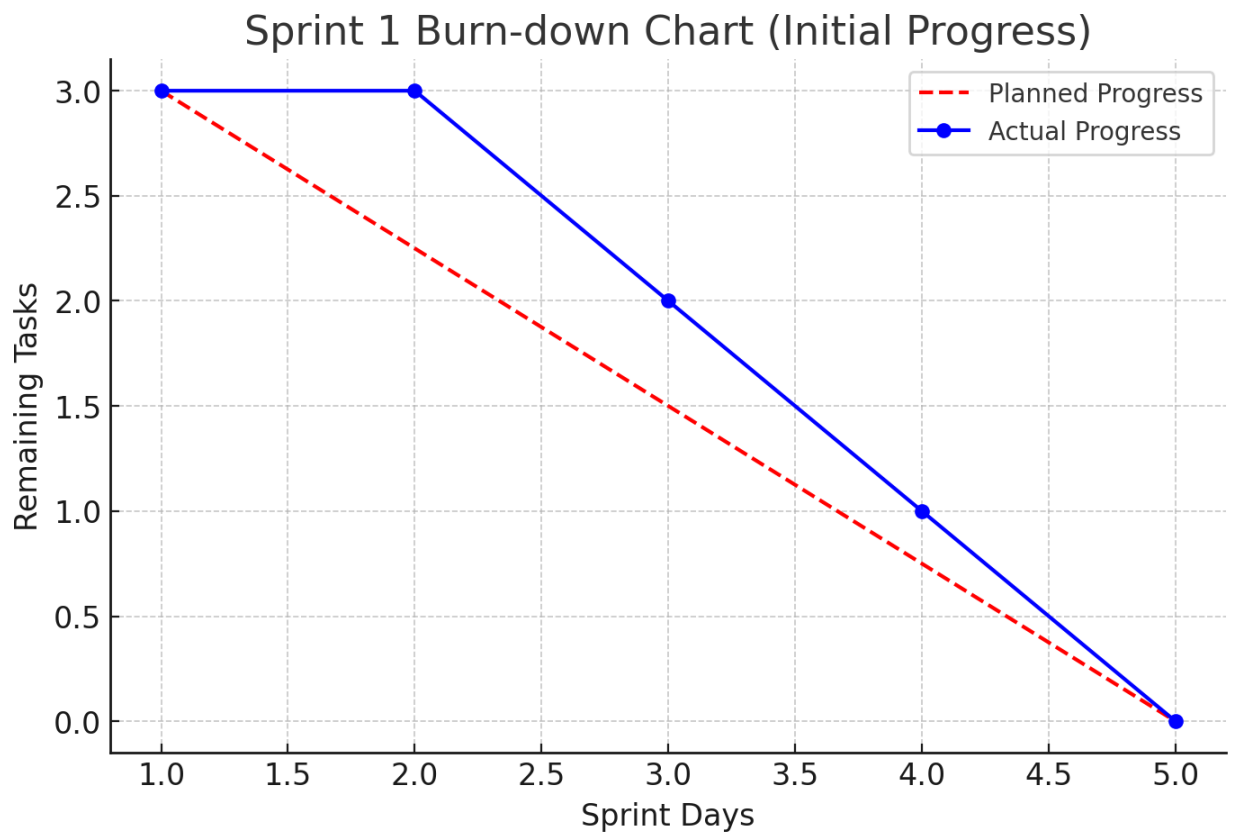

Task	Status	Assignee
Install Docker & Django	Done	All Members (Minus Ben E)
Set up Git repository	Done	Aden
Group meetup	Done	All Members(minus Ben E)
Initialize Django project	In Progress	Syed
Set up database	Not Started	Yasen
Configure Docker containerization	Not Started	Ben C

<<Communication Issues>>

Benjamin Evans absent and not responding to emails.
Tutor has been notified.

<<Reflections>>

Sprint 1 focused on setting up **Docker, Django, and GitHub**, with collaboration from most members. However, **Benjamin Evans** has not been responding to emails or meeting up, and some tasks, like **Django initialization and database setup**, are still pending. Moving forward, we'll prioritize **better communication and task completion** to stay on track.
